STATEMENT FOR CONSULTATION SERVICES

May 2, 1955

Dr. Joe Lain, Bristol Laboratories, N.Y.

Dr. Joe Lain  
Bristol Labs.,  
Syracuse 1, N.Y.

Received April 1955

Dear Joe:

I think we had already understood that I would visit you at Syracuse on May 23. I would like to confirm my itinerary now.

Esther and I will be en route back from a conference on Ascites Tumors in New York City. I planned to fuse the trips primarily to save time, but also to make it possible to meet both our expenses. The question is how long you will require my services at the lab. I can be at your disposal for one day or two, as you wish. I have worked out the following alternatives:

Plan A: 1 day:

Lv. NY Sunday (May 22) 5:40 PM, Arr Syracuse 7:02 PM Lv. Monday 5:55 PM.

This is the most economical plan, getting us home by Monday night.

Plan B: 2 day:

Lv. NY Monday 10:15 AM Arr. 11:37 AM Lv. Tuesday to 5:55 PM.

This will allow most of two days at your lab.

Please let me know posthaste which plan, A or B, would suit you best. Would you also be kind enough to arrange for our accommodations accordingly? I will be completely at your disposal, and you can arrange any seminars or what have you at your own discretion.

See you then,

Yours sincerely,

Joshua Lederberg
